Hello to everyone!

There is so much to tell you, I don't even know where to start. I guess I can first tell you about our new website that will be coming soon. Over the past seven years Michelle's Designs website has been a challenge to maintain. I think we have had five different web designers including family members. After several months of searching, we found a wonderful company to work with. They have designed the site so that it can be maintained by my office, and we can have a real hands-on touch. So, coming very soon will be the same great products and a more uniform look and an easier interface. It should make things much easier to navigate. Of course there might be a few bugs along the way, but hopefully not too many.

It is the time of year that I spend in my office working on new designs, patterns and projects. These are items that we will be showcasing at many events during the year. Our test sewers have been very busy sewing and giving their wonderful input about these products, which we will have up on our new site very soon. One of the new projects is called "Simply Chic Carryall". It's the most darling sewing and craft bag to hold all your supplies in style.

Those of you who will be attending the Wholesale Spring Quilt Market in Portland, OR, will find us in booth #1453. Please stop by to see the latest products. Speaking of wholesale, those of you who have a wholesale account will enjoy the new ordering system we have in place on the new site. You will be able to order online! Of course, you can still call or fax your orders in as well.

We have just two spots available for the upcoming Victorian Romance Retreat in Temecula, California. Please give us a call if you are thinking about attending so that we can make sure we have a spot for you.

There are many events coming up throughout the year and I hope to see you all very soon.

Until next time,

Michelle Griffith

Simply Chic Carryall-Coming Next Month

Our Test Sewers

You can see
from their

faces that our test sewers are pleased with their results!
Watch for the release of this product on our new website!
